

# Side Tipper

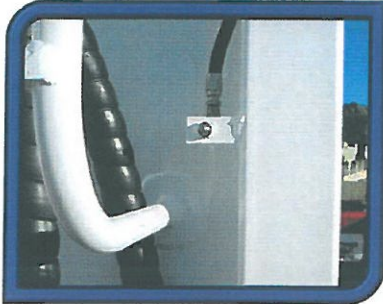

## Model RWT TRI 350 • ST

The Roadwest (RWT) Side Tipper is a leader in its class, with a solid reputation for quality, long lasting construction and reliability. All components are computer profile cut for neatness and accuracy. This model can be manufactured in a range of sizes or specifications to suit your needs.

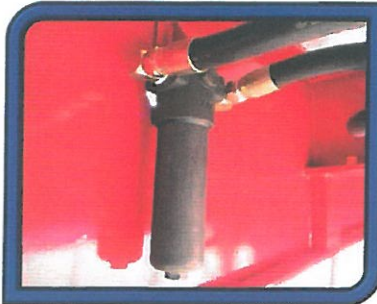

### STANDARD FEATURES

- All wiring in protective PVC conduit and junction box's, Hella LED lights fitted as standard throughout.
- Entire trailer fully abrasive blasted before painting.
- Body and chassis painted in 2 pak primer and paint.
- Rubber mud flaps front and rear of suspension, spring tensioned rubber guards over tyres, rubber protection flaps over rear coupling.
- Fully welded body internal and external to eliminate cargo contamination.
- Rolled sides, no external ribs, large radius side walls to eliminate product 'Hang-up'
- Body manufactured from 'HARDOX' quench & tempered steel, giving high strength and minimum wear.
- Double acting hydraulics with sequence valves - door will automatically open fully before body is raised.

## Roadwest RWT Side Tipper - Standard Equipment

- Remote greasing points for ease of maintenance.

- In-line 25 micron high pressure oil filter fitted for valve and cylinder protection.

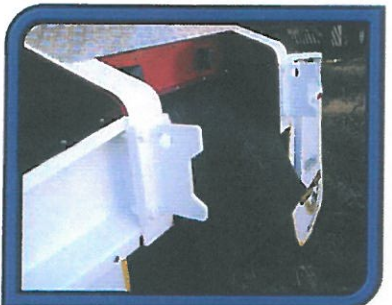

- Precision fitted chassis to body pivot using hi-tensile fabricated 'I beam' with single grease point.

- Unique RWT all in one hydraulic control valve, air operated with manual over-ride and in-built pressure relief.

- Hardox pressed top rail for increased wall strength. Large radius wall to prevent material build-up.

- Lift point's front and rear to assist with workshop maintenance, with rear lifts points doubling as push blocks.

- Heavy duty solid, greased door hinge system, for long life and trouble free operation, with minimal servicing required.

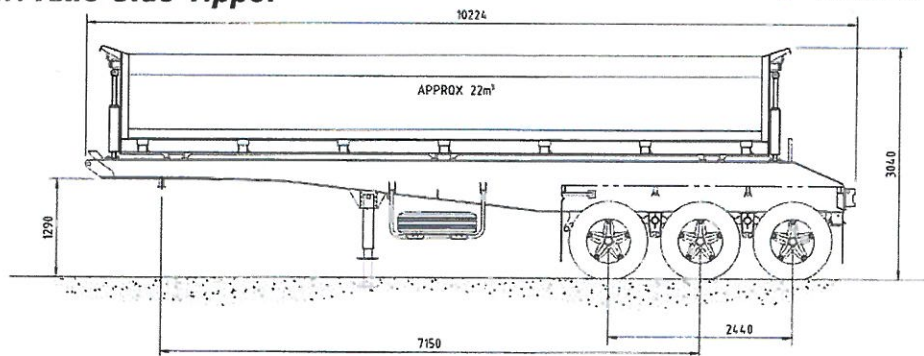

- End wall mounted main lift cylinders for ease of maintenance and quick removal. Spherical bush top and bottom for endurance and long life.

- All non processed steel components are CNC Plasma/Oxy profile cut for neatness and accuracy.

## RWT Tri Axle Side Tipper

- Variations available upon request.

Roadwest RWT reserves the right to change or alter the specifications on any of their trailers or products without notice.
